

Study Skills - Problem Solving

LP: To apply critical thinking skills to solve a problem

On the next slide there will be a problem or puzzle of some kind, work to try and find a solution.

They are all possible so don't give up!

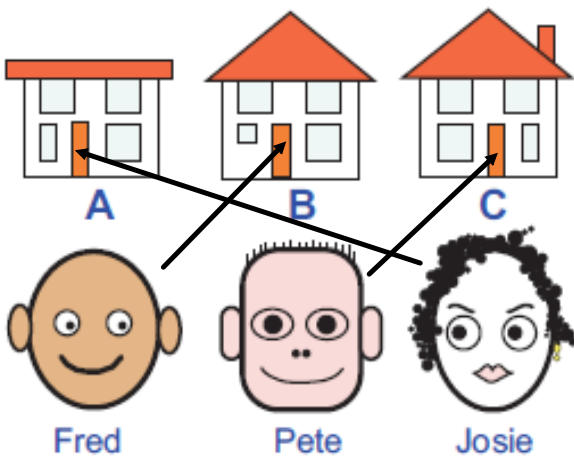

Who Goes Where?

Fred does not live in the house with the chimney. Nobody lives in the house above his/her picture. Where does each person live?

Extension: Would you be prepared to explain your answer to the class?

Solution:

Explanation:

You must place Fred first.

He doesn't live in house C (with the chimney), and he doesn't live in house A, (above his head), so he must live in house B.

Then you can place Josie, who can't live in house C (above her head), so must be in house A.

Finally, Pete must go in house C.
