CAREERS EDUCATION INFORMATION ADVICE AND GUIDANCE (CEIAG) POLICY

Introduction

CEIAG (Career Education Information Advice and Guidance) refers to a range of activities and interventions that help young people to make the right choices. This includes independent and impartial advice and guidance at key transitional times for young people and access to up to date information on careers and other issues affecting their well-being and staying on in learning. Statutory Guidance requires schools to secure independent and impartial careers guidance for young people from Year 7 to Year 11.

CEIAG aims to help students develop skills, attitudes and abilities which will enable them to be effective in a variety of adult occupations and roles. Effective careers education, information, advice and guidance raises aspirations, enables students to make informed choices and helps them achieve their potential. It can help young people and their parents make informed decisions about the number of opportunities available. All young people need information, advice, guidance and support in making informed and realistic choices regarding their future life and the many roles they will take.

Guidance is the process of helping young people to be able to make choices about their personal, social, educational and vocational development. The school has a significant contribution to make, along with parents and other support agencies in providing an effective programme of careers education and guidance. At Thornhill Community Academy we have developed and continue to implement a clear strategy for careers guidance and we make good use of well-trained staff, careers guidance professionals, employer networks and local colleges and other providers to ensure that students are well supported in making decisions about career pathways.

Thornhill Community Academy endeavours to follow the statutory duty for governing bodies, school leaders and school staff laid out in 'Careers Guidance and Inspiration in Schools' (DfE, 2015) and the Ofsted review of CEIAG "Going in the right direction" (Ofsted, 2013) and other relevant guidance from DfE, DCSF, Ofsted and QCA as it appears, as well as the guidance laid out in the Gatsby Benchmarks of Good Career Guidance (Gatsby Foundation 2014)

<http://www.gatsby.org.uk/uploads/education/reports/pdf/gatsby-sir-john-holman-good-career-guidance-2014.pdf>

Thornhill Community Academy is committed to providing all students in Years 7 to 11 with a programme of careers education, information, advice and guidance (IAG). The school is pursuing this through participation in the Careers and Enterprise Company and the Kirklees Careers Hub.

The Careers Education Programme aims:

- to develop students self-awareness, understanding themselves as learners and developing skills for effective learning and increasing motivation
- to focus students on their future aspirations, encourage and support career exploration, make and adjust plans, and prepare for changes and transitions
- to promote inclusion, equality of opportunity, challenge stereotyping and understanding of influences and opportunities
- to meet the needs of all our students through appropriate personalisation
- to inform parents and carers and all stakeholders about different pathways and opportunities
- to encourage students to investigate career opportunities both locally and nationally and through direct experience of the world of work, work related learning and enterprise activities

- to encourage students to implement their career plans and to review and evaluate it
- to help students make improved decisions and manage the transition processes effectively.
- to encourage participation in continued learning including further and higher education and to develop enterprise and employment skills
- to reduce drop out from, and course switching in, education and training
- to contribute to the economic prosperity of individuals and communities
- to ensure all students leave with the appropriate employability skills

The Strategy

In the light of the current changes in the world of work, and the Gatsby Benchmarks for Good Careers Guidance, from 2018, students will receive;

- Careers focused lessons through PSHCE and the Learning for Life programme (7-11), SMSC Enrichment Days (Y10/11) and Skills for the Future built into the curriculum across all subjects (Y7 - 10)
- Year group activities on days throughout the school year. Relevant information in form time and assemblies specific to year group and time of year.
- Access to general careers information using websites, software, displays and the careers library
- Access to our Careers Advisor and/or a representative from C&K Careers for careers guidance through individual interviews or group sessions
- Work experience and encounters with employers where appropriate
- Other careers workshops from external visitors including colleges, universities, training providers and employers
- Regular talks from industry professionals
- Careers Fair held in Autumn term for post-16 pathways
- A mock interview at the end of Year 10 with an external individual
- The opportunity to get involved in evaluating and planning the CEIAG programme after the year group activities and before they leave Year 11

The CEIAG programme will help students to;

- Understand themselves, their interests, likes and dislikes, what they are good at and how this affects the choices they make
- Find out about different courses, what qualifications they might need and what opportunities there might be
- Develop the skills they will need for working life
- Make realistic, but ambitious, choices about courses and jobs
- Develop a plan of action for the future
- Understand the different routes after Year 11 including training, further and higher education and jobs
- Make effective applications for jobs, training and further and higher education
- Develop their interview skills
- Improve their confidence

To ensure quality and demonstrate it meets robust national standards the school will work towards achieving the C&K Quality Standard for CEIAG validated against the “Quality in Careers Standard”.

Wherever possible, parents and carers are informed and encouraged to take an active part in the CEIAG of their children. Use of the school website allows current information to be shared with parents.

Organisation and Content

A number of events, integrated into the Academy careers programme, will offer providers an opportunity to come into the Academy to speak to pupils and/or their parents:

Careers education stage	Year and purpose of careers development within year	Autumn Term	Spring Term	Summer Term
Foundation stage – introducing, inspiring, lighting a fire	<p>7 Discover Students will understand their own individual skills and strengths they will develop in school to lead for an exciting future</p> <ul style="list-style-type: none"> • Introduce careers education • Learning for Life curriculum 	<p>PSHCE- Skills, Aspirations and Careers (GB1) What happens when? ---	---	--	--

The Gatsby Benchmarks

1. A stable careers programme
2. Learning from career and labour market information
3. Addressing the needs of each pupil
4. Linking curriculum learning to careers
5. Encounters with employers and employees
6. Experiences of workplaces
7. Encounters with further and higher education
8. Personal guidance

Please speak to Miss Walker - to identify the most suitable opportunity for you.

The Academy policy on safeguarding <http://www.thornhillcommunityacademy.co.uk/safeguarding/2802.html> sets out the Academy's approach to allowing providers into the Academy as visitors to talk to our students.

Premises and facilities

The Academy will make the main hall, classrooms or private meeting rooms available for discussions between the provider and students, as appropriate to the activity. The Academy will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader or a member of their team.

Providers are welcome to leave a copy of their prospectus or other relevant course literature at the Careers Resource Centre, which is managed by the Academy librarian. The Resource Centre is available to all students at lunch and break times.

Provision for learners with learning disability and/or disability

C&K Careers have a statutory duty to ensure the positive transition of all students who are in receipt of an Education and Health Care Plan (EHCP). Their representative will attend reviews and keep in contact with those students, their parents/carers and the SEND department to achieve this goal. The school identifies those students who meet the 'vulnerable' criteria which is set by the government (LAC, low attendance, very low academic ability) who must also be supported by C&K Careers.

Other pupils with additional needs are supported and encouraged into a positive transition with help from the SEND team and the School's Careers Advisor working together with parents/carers and appropriate further education establishments. Close links with the SENCO ensure that equal opportunities and inclusion are addressed. (SEND Code of Practice from September 2014).

Roles and Responsibilities

Mr. Burton, the Head teacher, is ultimately responsible for all aspects of the school curriculum and ensuring the CEIAG policy is effectively managed and implemented and that appropriate provision for CEIAG is made within the school budget.

Thornhill Community Academy has a dedicated team for CEIAG:

Mrs. Rudd, Assistant Head teacher

Miss Walker, Careers Leader

Miss. Spencer, SMSC Coordinator

Mrs. Turner, Specialist Teacher ARC Resourced Provision

Mr Goodwin, SENDCO

Head of centre

Careers Leader Miss M Walker
