# EMA base

## **EMA support**

The EMA team provide support to make sure students achieve their potential in the academy. We support all our students to achieve to the best of their ability. We are committed to tailor bespoke sessions for our students in the following areas:

- 1:1 intervention to support with developing language acquisition
- Reading interventions (1:1 and small group sessions)
- Handwriting support
- Cultural support
- Language/literature support
- Bereavement/emotional support
- Facilitate a six-week bespoke program to raise aspirations for both KS3 and KS4 students.
- KS4 support is specifically targeted to help students achieve their GCSEs.

## **New Arrivals programme**

A bespoke New Arrivals program is offered to support those students arriving at Thornhill Community Academy to ensure that they have the language skills to enjoy and succeed in their lessons.

## **Parents/carers and the community**

We believe in working closely with the community that we serve and provide:

- Parent / child workshops
- Parent literacy support - Facilitate adult literacy workshops for parents, with a particular focus on the British curriculum, literacy, and current issues.
- Community projects

In addition. The EMA base is a safe and quiet space for all students. We are open to students during social times (pre-school, break and lunch times.)
